Prix Versailles 2022: Announcement of continental laureates

The Prix Versailles, now in its eighth edition, celebrates the world's best architecture and design projects.

Today, its Secretariat reveals the 70 continental laureates in the categories of Shops & Stores, Shopping Malls, Hotels and Restaurants.

Selected from a far-reaching call for submissions and a systematic media review, each winning project is a testimony to the continuous revitalization of excellence, in the six Prix regions: Africa and West Asia – Central America, the South and the Caribbean – North America – Central Asia and the Northeast – South Asia and the Pacific – Europe.

The 70 continental laureates join the finalists from the World Selections, announced on 30 September 2022, for the Airports, Campuses, Passenger Stations and Sports categories. Together, they will be competing for the Prix Versailles 2022 World Titles.

The World Titles Announcement will take place at UNESCO Headquarters in Paris, France, by 15 December 2022.

In making their choices, the World Judges Panel for 2022, whose members will be released at the end of the competition, will be honouring the qualities of innovation, creativity, reflection of local, natural and cultural heritage, and ecological efficiency, as well as the values of social interaction and participation which the United Nations holds in high regard.

In accordance with the programme's objectives, the Prix Versailles encourages the creation of architecture capable of driving intelligent sustainability worldwide, in a way that takes its ecological, social and cultural impact into consideration.
